The Documentary Channel

"Documentary is a digital television station devoted to showing the best documentaries from Canada and around the world. With its special emphasis on feature length films, watching Documentary is like having a cinema in your own living room, showing award winning films twenty-four hours a day, seven days a week."

Avrupa Minerals Ltd. is a growth-oriented junior exploration and development company focused on aggressive exploration, using a prospect generator model, for valuable mineral deposits in politically stable and prospective regions of Europe, including Portugal, Kosovo, and Germany.

The Company has an exciting portfolio of exploration projects consisting of:

- Copper and Zinc in southern Portugal at Marateca and in the Alvalade JV project area located in the Iberian Pyrite Belt, where Europe's richest active copper mine is located;
- Tungsten and Gold in northern Portugal at the Covas JV project area;
- Precious metal and REE potential in the new Aljezur project area, south Portugal
- Silver, Lead and Zinc in Kosovo at the Glavej, Kamenica, Selac, and Bajgora properties in the Trepça Mineral Belt of the Vardar Zone, historically, Europe's most productive district for lead and zinc;
- Copper and Gold in southern Kosovo within the Koritnik exploration license area in the Sharr-Dragash intrusive complex;
- Gold in eastern Germany in the 307 km² Oelsnitz exploration license in the historic Erzgebirge Mining District, a 1000-year producer of tin, tungsten, silver, base metals, and uranium.
