INFORMATION CIRCULAR

(as at May 2, 2016 except as otherwise indicated)

SOLICITATION OF PROXIES

This information circular (the “**Circular**”) is provided in connection with the solicitation of proxies by the Management of Avrupa Minerals Ltd. (the “**Company**”). The form of proxy which accompanies this Circular (the “**Proxy**”) is for use at the annual general meeting of the shareholders of the Company to be held on Wednesday, June 8, 2016 (the “**Meeting**”), at the time and place set out in the accompanying notice of Meeting (the “**Notice of Meeting**”). The Company will bear the cost of this solicitation. The solicitation will be made by mail, but may also be made by telephone.

APPOINTMENT AND REVOCATION OF PROXY

The persons named in the Proxy are directors and/or officers of the Company. **A registered shareholder who wishes to appoint some other person to serve as their representative at the Meeting may do so by striking out the printed names and inserting the desired person’s name in the blank space provided.** The completed Proxy should be delivered to Equity Financial Trust Company (“**Equity Financial**”) by 10:00 a.m. (local time in Vancouver, British Columbia) on Monday, June 6, 2016, or before 48 hours (excluding Saturdays, Sundays and holidays) before any adjournment of the Meeting at which the Proxy is to be used.

The Proxy may be revoked by:

- (a) signing a proxy with a later date and delivering it at the time and place noted above;
- (b) signing and dating a written notice of revocation and delivering it to Equity Financial, or by transmitting a revocation by telephonic or electronic means, to Equity Financial, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment of it, at which the Proxy is to be used, or delivering a written notice of revocation and delivering it to the Chairman of the Meeting on the day of the Meeting or adjournment of it; or
- (c) attending the Meeting or any adjournment of the Meeting and registering with the scrutineer as a shareholder present in person.

Provisions Relating to Voting of Proxies

The shares represented by Proxy in the form provided to shareholders will be voted or withheld from voting by the designated holder in accordance with the direction of the registered shareholder appointing him. If there is no direction by the registered shareholder, those shares will be voted for all proposals set out in the Proxy and for the election of directors and the appointment of the

auditor as set out in this Circular. The Proxy gives the person named in it the discretion to vote as such person sees fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting. At the time of printing of this Circular, the management of the Company (the “Management”) knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold common shares in their own name. Shareholders who hold their common shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their common shares in their own name (referred to herein as “**Beneficial Shareholders**”) should note that only proxies deposited by shareholders who appear on the records maintained by the Company’s registrar and transfer agent as registered holders of common shares will be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then those common shares will, in all likelihood, not be registered in the shareholder’s name. Such common shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such common shares are registered under the name of Cede & Co., the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms. Common shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker’s clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. The form of instrument of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. (“**Broadridge**”) in Canada. Broadridge typically prepares a machine-readable voting instruction form (“**VIF**”), mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote common shares directly at the Meeting. The VIFs must be returned to Broadridge (or instructions respecting the voting of common shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted. If you have any questions respecting the voting of common shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.**

The Notice of Meeting, Circular, Proxy and VIF, as applicable, are being provided to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories - those who

object to their identity being known to the issuers of securities which they own (“OBOs”) and those who do not object to their identity being made known to the issuers of the securities which they own (“NOBOs”). Subject to the provisions of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”), issuers may request and obtain a list of their NOBOs from intermediaries directly or via their transfer agent and may obtain and use the NOBO list for the distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a Beneficial Shareholder and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf.

Pursuant to the provisions of NI 54-101, the Company is providing the Notice of Meeting, Circular and Proxy or VIF, as applicable, to both registered owners of the securities and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding common shares on your behalf) has assumed responsibility for (a) delivering these materials to you, and (b) executing your proper voting instructions. Please return your voting instructions as specified in the VIF. As a result, if you are a non-registered owner of the securities, you can expect to receive a scannable VIF from Equity Financial. Please complete and return the VIF to Equity Financial in the envelope provided or by facsimile. In addition, internet voting instructions can be found on the VIF. Equity Financial will tabulate the results of the VIFs received from the Company’s NOBOs and will provide appropriate instructions at the Meeting with respect to the common shares represented by the VIFs they receive.

The Company’s OBOs can expect to be contacted by Broadridge or their brokers or their broker’s agents as set out above. The Company does not intend to pay for intermediaries to deliver the Notice of Meeting, Circular and VIF to OBOs and accordingly, if the OBO’s intermediary does not assume the costs of delivery of those documents in the event that the OBO wishes to receive them, the OBO may not receive the documentation.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the common shares in that capacity. NI 54-101 allows a Beneficial Shareholder who is a NOBO to submit to the Company or an applicable intermediary any document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder. If such a request is received, the Company or an intermediary, as applicable, must arrange, without expenses to the NOBO, to appoint such NOBO or its nominee as a proxyholder and to deposit that proxy within the time specified in this Circular, provided that the Company or the intermediary receives such written instructions from the NOBO at least one business day prior to the time by which proxies are to be submitted at the Meeting, with the result that such a written request must be received by 10:00 a.m. (local time in Vancouver, British Columbia) on the day which is at least three business days prior to the Meeting. **A Beneficial Shareholder who wishes to attend the Meeting and to vote their common shares as proxyholder for the registered shareholder, should enter their own name in the blank space on the VIF or such other document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker.**

All references to shareholders in the Notice of Meeting, Circular and the accompanying Proxy are to registered shareholders of the Company as set forth on the list of registered shareholders of the Company

as maintained by the registrar and transfer agent of the Company, Equity Financial, unless specifically stated otherwise.

EXECUTIVE COMPENSATION

Named Executive Officers

During the financial year ended December 31, 2015, the Company had two Named Executive Officers (“NEOs”) being, Paul W. Kuhn, the Chief Executive Officer (“CEO”) and the President, and Winnie Wong, the Chief Financial Officer (“CFO”) and Secretary of the Company.

“Named Executive Officer” means: (a) each CEO, (b) each CFO, (c) each of the three most highly compensated executive officers of the company, including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000; and (d) each individual who would be a NEO under (c) above but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of that financial year.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Discussion and Analysis

The Board's compensation program is designed to provide competitive levels of compensation, a significant portion of which is dependent upon individual and corporate performance and contribution to increasing shareholder value. The Board recognizes the need to provide a total compensation package that will attract and retain qualified and experienced executives as well as align the compensation level of each executive to that executive's level of responsibility. In general, a NEO's compensation is comprised of two components:

- (a) Salary, wages or contractor payments; and
- (b) Stock option grants.

The objectives and reasons for this system of compensation are generally to allow the Company to remain competitive compared to its peers in attracting experienced personnel. The CFO takes a payment as a contractor that is lower than comparative salary levels because she also works as the CFO for other companies and does not devote 100% of her time to the Company.

Stock option grants are designed to reward the NEO's for success on a similar basis as the shareholders of the Company, but these rewards are highly dependent upon the volatile stock market, much of which is beyond the control of the NEOs.

The Board has not formally considered the risks associated with the Company's compensation policies and practices. The Company's compensation policies and practices give greater weight toward long-term incentives to mitigate the risk of encouraging short term goals at the expense of long term sustainability. The discretionary nature of annual bonus awards and option grants are significant elements of the Company's compensation plans and provide the Board with the ability to reward historical performance and behaviour that the Board considers to be aligned with the Company's best interests. The Company has attempted to minimize those compensation practices and policies that expose the Company to inappropriate or excessive risks.

The Company has not established a policy on whether or not a NEO or director is permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

No directors' fees are paid.

Share-Based and Option-Based Awards

The Company does not grant share-based awards. Stock option grants are made on the basis of the number of stock options currently held, position, overall individual performance, anticipated contribution to the Company's future success and the individual's ability to influence corporate and business performance. The purpose of granting such stock options is to assist the Company in compensating, attracting, retaining and motivating the officers, directors and employees of the Company and to closely align the personal interest of such persons to the interest of the shareholders.

The recipients of incentive stock options and the terms of the stock options granted are determined from time to time by the Board. The exercise price of the stock options granted is generally determined by the market price at the time of grant.

Narrative Discussion

The following information is intended as a brief description of the Stock Option Plan and is qualified in its entirety by the full text of the Stock Option Plan, which will be available for review at the Meeting.

1. The maximum number of shares issuable under the Stock Option Plan, together with the number of shares issuable under outstanding options granted otherwise than under the Stock Option Plan, shall not exceed 10% of the shares outstanding from time to time. The exercise price shall be the price per share, as determined by the Board in its sole discretion as of the date on which the Board grants a particular stock option (the “**Award Date**”), at which an option holder may purchase a share upon the exercise of a stock option. The exercise price shall not be less than the closing price of the Company’s shares traded through the facilities of the Exchange on the day preceding the Award Date, less any discount permitted by the Exchange, or such other price as may be required by the Exchange. Any reduction in the exercise price of a stock option held by an option holder who is an insider of the Company at the time of the proposed reduction will require disinterested shareholder approval.
2. The Company shall not grant stock options to any one person in any 12 month period which could, when exercised, result in the issuance of shares exceeding 5% of the issued and outstanding shares of the Company unless the Company has obtained the requisite disinterested shareholder approval to the grant; or to any one consultant in any 12 month period which could, when exercised, result in the issuance of shares exceeding 2% of the issued and outstanding shares of the Company; or in any 12 month period, to persons employed or engaged by the Company to perform investor relations activities which could, when exercised, result in the issuance of shares exceeding, in aggregate 2% of the issued and outstanding shares of the Company.
3. If any stock option expires or otherwise terminates for any reason without having been exercised in full, the number of shares in respect of which stock option expired or terminated shall again be available for the purposes of the Stock Option Plan. The term of an option shall be the date so fixed by the Board at the time the particular stock option is awarded, provided that such date shall not be later than the tenth anniversary of the Award Date of the stock option. The expiry date of a stock option shall be the earlier of the date so fixed by the Board at the time the stock option is awarded and the date established, if applicable, in sub-paragraphs (a) to (c) below (the “**Early Termination Date**”):
 - (a) In the event that the option holder should die while he or she is still a director or officer or employee or consultant, the Early Termination Date shall be 12 months from the date of death of the option holder; or
 - (b) In the event that the option holder holds his or her stock option as director or officer of the Company and such option holder ceases to be a director or officer of the Company other than by reason of death, the Early Termination Date of the stock option shall be the 90th day following the date the option holder ceases to be a director or officer of the Company unless the option holder ceases to be a director of the Company but continues to be engaged by the Company as an employee or consultant, in which case the expiry date of the stock option shall remain unchanged; or

- (c) In the event that the option holder holds his or her stock option as an employee or consultant of the Company and such option holder ceases to be an employee or consultant of the Company other than by reason of death, the Early Termination Date of the stock option shall be the 90th day following the date the option holder ceases to be an employee or consultant of the Company.

Audit Committee Charter

The text of the Audit Committee's charter is attached as Schedule "A" to this Circular.

Composition of Audit Committee and Independence

The Company's current Audit Committee consists of Mark T. Brown, Paul Dirksen and Ross Stringer.

National Instrument 52-110 - *Audit Committees* ("**NI 52-110**") provides that a member of an audit committee is "independent" if the member has no direct or indirect material relationship with the Company, which could, in the view of the Company's Board, reasonably interfere with the exercise of the member's independent judgment. Of the Company's current Audit Committee members, Ross Stringer and Paul Dirksen are "independent" within the meaning of NI 52-110. POC, a company controlled by Mark T. Brown and his family, receives a consulting fee from the Company. As such, Mr. Brown is not considered to be "independent" as such term is defined in NI 52-110.

NI 52-110 provides that an individual is "financially literate" if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements. All of the members of the Audit Committee are "financially literate" as that term is defined. The following sets out the Audit Committee members' education and experience that is relevant to the performance of his responsibilities as an audit committee member.

Relevant Education and Experience

Mark T. Brown: Mr. Brown received a Bachelor of Commerce Degree from the University of British Columbia in 1990 and is a member of the Institute of Chartered Professional Accountants of British Columbia. Exemption in Section 6.1

The Company is a “venture issuer” as defined in NI 52-110 and is relying on the exemption in section 6.1 of NI 52-110 relating to Parts 3 (*Composition of Audit Committee*) and 5 (*Reporting Obligations*).

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 - *Disclosure of Corporate Governance Practices*, requires all reporting issuers to provide certain annual disclosure of their corporate governance practices with respect to the corporate governance guidelines (the “**Guidelines**”) adopted in National Policy 58-201. These Guidelines are not prescriptive, but have been used by the Company in adopting its corporate governance practices. The Board and Management consider good corporate governance to be an integral part of the effective and efficient operation of Canadian corporations. The Company’s approach to corporate governance is set out below.

Board of Directors

Management is nominating four individuals to the Board, all of whom are current directors of the Company.

The Guidelines suggest that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as “independent” directors under NI 52-110, which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Company. The “material relationship” is defined as a relationship which could, in the view of the Company’s Board, reasonably interfere with the exercise of a director’s independent judgement. All of the current members of the Board are considered “independent” within the meaning of NI 52-110, except for Paul W. Kuhn, who is the President and CEO and Mark T. Brown, who is the President and a director of a company which receives consulting fees from the Company.

The Board has a stewardship responsibility to supervise the management of and oversee the conduct of the business of the Company, provide leadership and direction to Management, evaluate Management, set policies appropriate for the business of the Company and approve corporate strategies and goals. The day-to-day management of the business and affairs of the Company is delegated by the Board to the CEO

and the President. The Board will give direction and guidance through the President to Management and will keep Management informed of its evaluation of the senior officers in achieving and complying with goals and policies established by the Board.

The Board recommends nominees to the shareholders for election as directors, and immediately following each annual general meeting appoints an Audit Committee and the chairperson of the Audit Committee. The Board establishes and periodically reviews and updates the Audit Committee mandates, duties and responsibilities of each committee, elects a chairperson of the Board and establishes his or her duties and responsibilities, appoints the CEO, CFO and President of the Company and establishes the duties and responsibilities of those positions and on the recommendation of both the CEO and the President, appoints the senior officers of the Company and approves the senior management structure of the Company.

The Board exercises its independent supervision over management by its policies that (a) periodic meetings of the Board be held to obtain an update on significant corporate activities and plans; and (b) all material transactions of the Company are subject to prior approval of the Board. The Board shall meet not less than three times during each year and will endeavour to hold at least one meeting in each fiscal quarter. The Board will also meet at any other time at the call of the President, or subject to the Articles of the Company, of any director.

The mandate of the Board, as prescribed by the *Business Corporations Act* (British Columbia) is to manage or supervise management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company's affairs directly and through its committees.

Directorships

The following directors of the Company are also directors of other reporting issuers as stated:

- Mark T. Brown is a director of Big Sky Petroleum Corporation, Strategem Capital Corporation, Alianza Minerals Ltd., Almaden Minerals Ltd., Almadex Minerals Limited, Galileo Petroleum Ltd., Paget Minerals Corp. and Sutter Gold Mining Inc.; and
- Paul Dirksen is a director of Timberline Resources Corporation.

Orientation and Continuing Education

The Company does not provide a formal orientation and education program for new directors of the Company. However, any new directors will be given the opportunity to: (a) familiarize themselves with the Company, the current directors and members of management; (b) review copies of recently publicly filed documents of the Company, technical reports and the Company's internal financial information; (c) have access to technical experts and consultants; and (d) review a summary of significant corporate and securities legislation. Directors are also given the opportunity for continuing education.

Board meetings may also include presentations by the Company's management and consultants to give the directors additional insight into the Company's business.

Ethical Business Conduct

The Board currently does not have a written code of ethics, but views good corporate governance as an integral component to the success of the Company. The Board has found that the fiduciary duties placed

on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by the applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to its shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience. Accordingly, in light of the Company's state of development, the Board considers four directors to be appropriate.

The Board does not currently have a nominating committee, and these functions are currently performed by the Board as a whole.

Compensation Governance

The quantity and quality of the Board compensation and compensation paid to the CEO is reviewed on an annual basis and determined by the Board as a whole, which allows the independent directors to have input into compensation decisions. At present, the Board is satisfied that the current compensation arrangements adequately reflect the responsibilities and risks involved in being an effective director or officer of the Company. At this time, the Company does not believe its size and limited scope of operations requires a formal compensation committee.

Other Board Committees

At the present time, the only standing committee is the Audit Committee. The written charter of the Audit Committee, as required by NI 52-110, is contained in Schedule "A" to this Circular. As the Company grows, and its operations and management structure become more complex, the Board expects it will constitute more formal standing committees, such as a Corporate Governance Committee, a Compensation Committee and a Nominating Committee, and will ensure that such committees are governed by written charters and are composed of at least a majority of independent directors.

Assessments

The Board annually reviews its own performance and effectiveness as well as the effectiveness and performance of its committees. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally monitored by other Board members, bearing in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

The Board monitors the adequacy of information given to directors, communication between Board and Management and the strategic direction and processes of the Board and its committees.

The Board believes its corporate governance practices are appropriate and effective for the Company, given its size and operations. The Company's corporate governance practices allow the Company to operate efficiently, with checks and balances that control and monitor Management and corporate functions without excessive administration burden.

PARTICULARS OF MATTERS TO BE ACTED UPON

The maximum number of shares issuable under the Stock Option Plan, together with the number of shares issuable under outstanding options granted otherwise than under the Stock Option Plan, shall not exceed 10% of the shares outstanding from time to time. The exercise price shall be the price per share, as determined by the Board in its sole discretion as of the Award Date, at which an option holder may purchase a share upon the exercise of a stock option. The exercise price shall not be less than the closing price of the Company's shares traded through the facilities of the Exchange on the day preceding the Award Date, less any discount permitted by the Exchange, or such other price as may be required by the Exchange. Any reduction in the exercise price of a stock option held by an option holder who is an insider of the Company at the time of the proposed reduction will require disinterested shareholder approval.

If any stock option expires or otherwise terminates for any reason without having been exercised in full, the number of shares in respect of which stock option expired or terminated shall again be available for the purposes of the Stock Option Plan. The term of an option shall be the date so fixed by the Board at the time the particular stock option is awarded, provided that such date shall not be later than the tenth anniversary of the Award Date of the stock option. The expiry date of a stock option shall be the earlier of the date so fixed by the Board at the time the stock option is awarded and the Early Termination Date established, if applicable, in sub-paragraphs (a) to (c) below:

employee or consultant, in which case the expiry date of the stock option shall remain unchanged; or

- (c) In the event that the option holder holds his or her stock option as an employee or consultant of the Company and such option holder ceases to be an employee or consultant of the Company other than by reason of death, the Early Termination Date of the stock option shall be the 90th day following the date the option holder ceases to be an employee or consultant of the Company.

4. Notwithstanding the foregoing, the Early Termination Date for stock options granted to any option holder engaged primarily to provide investor relations activities shall be the 30th day following the date that the option holder ceases to be employed in such capacity, unless the option holder continues to be engaged by the Company as an employee or director, in which case the Early Termination Date shall be determined as set forth above.

All stock options granted pursuant to the Stock Option Plan will be subject to such vesting requirements as may be prescribed by the Exchange, if applicable, or as may be imposed by the Board. All stock options granted to consultants performing investor relations activities will vest in stages over 12 months with no more than one-quarter of the stock options vesting in any three month period.

In accordance with the policies of the Exchange, a plan with a rolling 10% maximum must be confirmed by shareholders at each annual general meeting.

Accordingly, at the Meeting, the shareholders will be asked to pass the following resolution:

“IT IS RESOLVED THAT the Stock Option Plan is hereby approved and confirmed.”
